

**English as a Second Language Council**  
of The Alberta Teachers' Association

---

Call for ESLC 2018 Annual Conference Directors!

Dear Membership:

Every year the English as a Second Language Council (ESLC), Specialist Council of the Alberta Teachers Association (ATA), presents an annual conference to inform and support the work of educators who are members of the ESLC. The ESLC advocates for English language learners in our province and seeks to improve and promote the teaching of English Language Learning. The ESLC conference provides a great opportunity for educators to engage, and connect with colleagues from across Alberta.

Conference Directors are appointed/voting members. Conference Directors have direct liaison with the Vice-President and PD Directors when planning the annual conference.

Our aim is to build the membership and opportunities for all Alberta educators to support each other, and provide professional development that will ensure quality teaching of English Language learners in the province of Alberta.

Have a conversation with your colleagues who are members of the ESLC. Perhaps you have a team of two or three who might like to work together as a conference team for the 2018 annual conference.

For more information and interest in the Conference Director positions, please talk directly to your area ESLC PD Directors or Members at Large (contacts are listed @eslcata.com under About the ESLC/Contact us) or, send an email to [ataeslcvicepresident@gmail.com](mailto:ataeslcvicepresident@gmail.com). Recommended candidates will be reviewed and appointed by the Executive. Thank you.
